Stand Up SqueezyStraw™ Dispensing Pouch For Nutraceuticals

The **only** pouch with a built-in sipping straw feature!

Just squeeze the pouch and sip the nutraceutical through the straw

The new **Stand Up SqueezyStraw™ Dispensing Pouch** provides an excellent packaging option for nutraceutical products.

Stand Up SqueezyStraw™ Dispensing Pouch is made entirely from low cost, light-weight flexible packaging materials and can be produced in many sizes. An 8-oz. size would cost approximately 4¢ each for packaging materials and royalties, in large volumes (50 million / year).

SqueezyStraw™ Dispensing Pouch provides a squeeze feature allowing for maximum evacuation, including single serve packs such as the original flat pack shown on the left.

Important advantages of **SqueezyStraw™ Dispensing Pouches**:

- √ Tamper evident
- √ wide variety of sizes and shapes available
- √ The lowest cost for producing a dispensing pouch
- √ Made entirely of light-weight, low-cost flexible packaging materials
- √ Portable, durable and easy to use (requires no spoon, cup or straw)
- √ Great package for Grab 'n' Go applications

Stand Up SqueezyStraw™ Dispensing Pouch is made on horizontal thermoform / fill / seal machines equipped with die-cutting capabilities such as a Multivac.

Stand Up SqueezyStraw™ Dispensing Pouch is a *patented technology* available for licensing from The Barton Group, Inc.
